Aïku Stool

Designer	Jean Marie Massaud
Year	2019

The Aïku stool, designed by Jean Marie Massaud, stands out for its balance of refined aesthetics and functionality, distinctive features of the designer's unmistakable style. The shell, available with a "saffiano" texture in a range of colours or in an upholstered version, makes it ideal for contemporary homes.
Designed to fit naturally into residential settings, the Aïku Stool pairs perfectly with kitchen counters and islands, offering an elegant and understated solution for domestic spaces.

External shell in glossy white
Two-colour polypropylene through injection-moulding, mass pigmented with double finish: gloss white outside and matt "saffiano" effect inside.

Fully upholstered shell
Injection moulded polypropylene body, cold moulded padding shaped and applied on the load-bearing piece.

Sled base
Matt painted or chrome-plated steel rod. Stackable.

External shell in glossy black
Two-colour polypropylene through injection-moulding, mass pigmented with double finish: gloss black outside and matt "saffiano" effect inside.

Cover
Fabric or leather, non-removable cover.
