Cantle Low Table

Designer	Marco Lavit
Year	2025

Cantle low table is part of the collection designed by Marco Lavit.
The iconic detail of the Cantle armchair – the distinctive V-shaped bracket – becomes a defining element of the low table as well, creating a sense of suspension and acting as a visual thread that connects the entire collection. The steel frame outlines a graphic, minimalist silhouette that supports a tabletop available in various sizes and finishes: Canaletto walnut, black-stained ash, bleached oak, and a selection of glossy lacquered colours.
Perfect as a standalone piece, Cantle Low Table also lends itself to modular combinations, giving rise to dynamic and versatile compositions suited to both domestic interiors and contract spaces.

Tops
Medium-density fiberboard panel, veneered or with a glossy lacquer finish, 30 mm thickness.

Frame
The structure is made of tubular metal in different diameters and powder-coated (micro-embossed). Nylon feet.
