Lokum

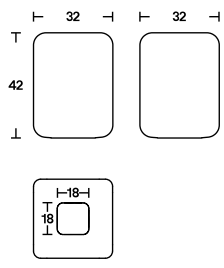

Year	2024
Designer	Sabine Marcelis

Material, light and colour come together in a rich dialogue in Lokum, the coffee tables designed by Sabine Marcelis. A collection that expresses the elegance of pure forms, elevated through the craftsmanship of blown glass. The designer's exploration of reflective surfaces and chromatic gradations takes shape in a collection of ethereal beauty, capable of generating refined plays of light and shadow. Lokum is available in three different sizes and shades – amber, smoky grey and petrol green – and offers great flexibility of use, both as a standalone piece and in combination with other elements to create ever-changing compositions.
