Neil Twist stool

Designer	Jean Marie Massaud
Year	2020-2026

The Neil Twist collection, designed by Jean Marie Massaud, is distinguished by its refined design, defined by the rope weave that envelops the steel wire structure.
Neil Twist Stool, available in two heights and four matt colours, offers a versatile solution, seamlessly fitting into domestic outdoor settings and the hospitality sector, including restaurant patios and gardens. The contrasting glossy anthracite stitching introduces a tailored detail that elevates the collection's elegance.

Rope shell
Load-bearing seating structure made of steel, woven with high-tenacity polyester cord, solution-dyed, guaranteeing high resistance to atmospheric agents, light, and abrasions, with stretch resistance.
Handcrafted and 100% made in Italy.

Accessories
Protective rain cover in light grey colour, specifically for outdoor products, waterproof, made of 100% polyester, outside with acrylic coating, inside with acrylic resin coating. Its characteristics are emphasised by its fully fungicidal Teflon finish.
Each rain cover comes with a closable slip cover, so that it can be folded and kept correctly when not in use.

Frame
Load-bearing frame in matt epoxy powder-coated steel rod.
