Otto

Designer	Studio Mist-o
Year	2026

Otto is a collection of cabinets defined by an essential and rigorous design language. Designed by Studio Mist-O, the project is built around the rule of eight millimetres, which gives the collection both its name and its proportions. Defined by pure, essential forms, the system stands out for its clean, archetypal language, shaped by a measured balance of solids and voids.
Available as a sideboard with open compartments, customisable with drawers or deep drawers, and as a totem version in a fixed configuration with drawers and an open unit, the collection retains a strong formal coherence. The matt lacquered surfaces of the outer structure are paired with glossy or matt fronts, while the wood finishes of the open compartments introduce a tactile quality that enriches the project. The result is a contemporary and versatile presence that combines function and aesthetics, integrating discreetly into a variety of settings.

Types
Available in the sideboard version with open compartments, configurable with drawers or deep drawers, and in the totem version with a fixed configuration, it maintains the same formal coherence in every interpretation.

Totem
Totem L46 D40 H145, with one open compartment, four drawers and one deep drawer.

Drawers and deep drawers
Made of medium-density wood fibreboard, they are offered in a matt lacquered finish in a monochromatic match with the structure. The double-drawer unit is fitted with a push-pull opening system and concealed full-extension runners.

Base
Matt painted steel structure.
Adjustable feet (+/- 5 mm), in AISI 304 stainless steel with a knurled finish.

Sideboard
Sideboard L174 D50 H56
Open compartment and one compartment with deep drawer (R or L).
Open compartment and one compartment with 2 drawers (R or L).

Sideboard L259 D50 H56
Two compartments with 2 drawers and one central open compartment.
Two compartments with deep drawers and one central open compartment.
One compartment with deep drawer, one compartment with 2 drawers (R or L), and one central open compartment.

Fronts
Made of medium-density wood fibreboard, they are available in matt or gloss lacquer finishes in a range of colours.

Open compartment
Made of veneered medium-density wood fibreboard, available in various veneer finishes.
