

Sign Matt

Designer	Piergiorgio Cazzaniga
Year	2017-2020

Sign by Piergiorgio Cazzaniga, with its sinuous and ergonomic lines, is a project of chairs and armchairs that has shaped the evolution of MDF Italia's collection since 2006. Sign Matt represents the natural development of the original model, offered as both a chair and a comfortable armchair.

Thanks to its matt finish, available in three shades, it seamlessly blends into any residential setting, both indoors and outdoors. The ergonomic design is crafted to provide optimal comfort while maintaining a visually light presence. Its unique silhouette creates a wrapping effect, making Sign Matt perfect for a variety of environments.

Frame

Matt polyethylene (PE) moulded with rotational moulding technology in various finishes.

Only the white colour is made with a particular mixture called EASY CLEAN, which facilitates cleaning and maintenance.
